**St Philip's Church Centre**

**Loving our neighbours and God's creation**

**Starting Point**  
Church Centre building and grounds

- Very sustainable building, no gas, electricity from renewable supplier
- Air source heat pumps for heating
- Double & triple glazing and insulation
- Mature trees preserved, wild flower meadows
- Insect and bird-friendly planting, bat and bird boxes, bug hotel etc.

**Moving Forward**  
An Eco Church reflecting care for our neighbours & God's creation both locally and across the world through...

- Our worship and teaching
- How we use, maintain and develop our building and grounds
- Working with the local community
- Using our voices to speak up for the planet to those in authority
- Reviewing and changing our lifestyles

**We welcome your involvement**  
Feel free to contact us if we can do, or

**ECO CHURCH**

A display board covered with various posters and brochures. Visible titles include 'eco church', 'Climate Church', 'Eco Churches on Target', 'Natural Focus', and 'Working Together'. There are also QR codes and small images related to environmental and church activities.

Informational materials on the table:

- A sign that says "Join our Nature Club Today!" with a tree logo.
- A sign that says "Grow your own local flowers!" with a flower illustration.
- A sign that says "This bag made from 100% recycled plastic bottles".
- A bowl of small, round, light-colored sweets.
- A white reusable bag with the text "again and again and again and again and again".
- Various printed brochures and forms, including one titled "IDENTIFYING WILD FLOWERS, TREES AND PLANTS".
